Policy Number: **OP-03**

Policy Title: **Children in the Library**

Initial Policy Approval: **April 2019**

Year of next review: **April 2022**

---

The Lanark Highlands Public Library recognizes that the needs of young people are important in their own right: that their intellectual growth, their cultural appreciation and recreational activities should be fostered through quality library service, delivered with consideration and respect. This policy sets out the services to be offered for children in the library as well as parents, guardians and adults who work with children. This policy also sets out the responsibilities for the safety of children in the library.

The Lanark Highlands Public Library endeavours to provide this service based on the principles stated in the Ontario Library Association's *Children's Rights in the Public Library, 1998*. See Appendix A.

## **Section 1: Services**

### **1. Collections:**

- a) The Chief Executive Officer (CEO) will ensure the maintenance and organization of a comprehensive collection of materials for and about children, based on the Collection Development Policy OP-04.
- b) The collections for children will meet high standards of quality and reflect the changing educational needs and personal interests of children and teens as well as trends in society.
- c) The staff will develop profiles of the collections to define the scope and to address the issues of:
  - i. Canadian authors and content
  - ii. award-winning titles
  - iii. non-fiction material that complement the local school curriculum
  - iv. age appropriate formats

- v. community trends

## **2. Reference and Readers Advisory**

- a) The qualified staff will utilize the full range of collections, technology and methods to answer all users' requests for advice on selecting books and for information, regardless of age and without judgment, with confidentiality and respect.
- b) Library staff should conduct interviews to better understand what each child wants and needs.
- c) Library staff will point out the variety of resources available in all areas of the library as appropriate.

## **3. Programs**

- a) The library will provide programming for children and parents, both in and out of the library, to stimulate creative potential and to encourage and facilitate the habit of reading, independent learning and use of the library.
- b) The library will provide educational, entertaining and literature related programs and support for children, such as:
  - i. programs for parents/guardians, adults, caregivers that will educate them on the importance of early literacy, the role of the library in their children's lives, and the support the library can offer them
  - ii. programs for classes, children's groups (Boy Scouts), daycare, etc., depending on age, that will emphasize early literacy and library orientation, and that encourage reading for leisure, or highlight various aspects of the collection
  - iii. programs for summer, school breaks and professional development days that will be primarily book based and will highlight various aspects of our collection while encouraging reading for pleasure or leisure activities.
- c) The number of participants for all programmes will be restricted based on size of the facility, fire department limits, staff supervision available, etc.; this will be enforced by the children's programmer in charge.
- d) Some programs may limit the age of children and the number of children per accompanying adult. This limit may be enforced by the staff as the program is designed for maximum benefit to the child/parent/guardian through one on one interaction. Leniency is given to parents of more than one child.

## **Section 2: Library Space**

1. The library will provide a well-planned area for children that is distinct from the adult area with signage that is clear and age-appropriate
2. These areas should be visually stimulating so that children are able to readily distinguish their own space from the rest of the library.
3. These areas will have furniture, shelves and equipment that are designed for and accessible to all children.
4. The area for children is an interactive learning environment where controlled noise levels are tolerated and where young users are invited to explore the library materials and services in their own way.

## **Section 3: Staffing**

1. The board will support a program of ongoing staff training and professional development in children's services.
2. The CEO will ensure that all staff members assigned to children's services receive appropriate training to provide knowledgeable library service.
3. The library staff will advocate for children's services in the community by:
  - a) collaborating with agencies to promote early literacy, love of reading, life long learning and children's well-being
  - b) seeking support for children's services from community organizations, fundraising, donations, etc.
  - c) networking with other agencies who provide service to children in the community, region and province
  - d) communicating with principals, teacher librarians and teachers in the community
  - e) promoting the children's services and collections to groups who could benefit from them (schools, daycares, etc.)
4. While library staff will assist young people with finding materials, using the Internet or attending programs, but parents/guardians are responsible for their children's use of the library.

## **Section 4: Safety of Children in the Library**

The Lanark Highlands Public Library staff recognizes that children of all ages have a right to a welcoming, respectful, supportive and safe environment when

they visit the library. However, the library is a busy public place and library staff cannot assume responsibility for children left unattended within our public facility.

### **1. Responsibilities of the Parent or Caregiver**

- a) Responsibility for the welfare and the behaviour of children using the library ultimately rests with the parent/guardian or an assigned caregiver.
- b) To this end, the library expects parents, caregivers and teachers to:
  - i. not leave children under 12 years of age to be unattended in or about library premises
  - ii. monitor the use of services by children under their care
  - iii. be responsible for the appropriate behaviour of children under their care

### **2. In this Library**

While on library property, children are the responsibility of their parents, guardians, or caregivers. Children 5 and under must remain in the company of a caregiver of at least 12 years of age. Caregivers of children ages 6-11 must remain in the building while children are on site and are responsible for the behaviour of children in their care. Staff members do not and cannot provide child care services.

Disruptive, rude, threatening, or abusive behaviour may result in staff asking the child to leave or having the child banned for a period of time. Parents or caregivers who fail to supervise children properly may also have their library privileges restricted or suspended.

### **3. Responsibility of Staff**

- a) The library staff members will be guided by this policy in situations, where:
  - i. an unattended child is found frightened or crying in the library
  - ii. an unattended child is perceived to be endangering him/herself
  - iii. another person in the library poses a perceived threat to the unattended child
  - iv. an unattended child exhibits specific inappropriate behaviour
  - v. an unattended child is not met by a responsible caregiver at closing time
  - vi. a child is consistently left on his or her own in the library for long periods of time
- b) Where a responsible adult cannot be contacted, library staff will:
  - i. not leave a child unattended at closing time
  - ii. not give the child a ride home
  - iii. contact local police or Children's Aid Society (CAS)

- iv. remain with the child until the proper authorities can take the child into their protection

#### 4. Duty to Report

- a) The *Child, Youth and Family Services Act* (Section 125) recognizes that each of us has a responsibility for the welfare of children. It clearly states that members of the public, including professionals who work with children, have a **legislated** obligation to report promptly to the Children's Aid Society (CAS) if they suspect that a child or youth under the age of 16 is, or may be, in need of protection. The CYFSA defines the phrase "child in need of protection" as including physical, sexual and emotional abuse, neglect, and risk of harm.
- b) Library staff who are concerned that a 16-or 17-year old is, or may be, in need of protection *may* make a report to Children's Aid Society (CAS) and the CAS is required to assess the reported information
- c) When library staff members have reasonable grounds to suspect that a child is, or may be, in need of protection, they will advise the Library CEO and together they will promptly report the suspicion and the information upon which it is based to the local CAS, as required in CYFSA s.136 (1).
